Creative and reliable React Native developer focused on building smooth, high-impact mobile apps for Android and iOS. I've contributed to over 9 applications, with 4 of them live on the Play Store. Expert in clean architecture, seamless API integration, and intuitive UI/UX. Known for quick communication, a proactive mindset, and delivering real value through performance-driven apps.

WORK EXPERIENCE

Senior React Native Developer
Tribond Infosystems

04/2023 - Present   *Kota, Rajasthan*

LIVE PROJECTS

Billu – Salon Booking App
- Easily discover nearby salons, book appointments in seconds, and grab last-minute deals up to 80% off. Billu offers real-time availability, a smooth experience, and secure booking—all in a few taps.

Billu Partner – Salon Business Manager
- An all-in-one app for salon owners and stylists to manage services, pricing, schedules, and promotions. Showcase work, track appointments, and attract local clients—without any subscription or commission fees.

Find Your Room – Care Home Finder (UK)
- A smart property search app to find available rooms in supported living, nursing, and care homes across the UK. Filter by care type, location, and facilities, view real-time vacancies, photos, CQC ratings, and contact providers instantly.

Azad Tanker Company – Fuel & Freight Management App
- A dedicated app for managing fuel transport and logistics operations. Designed to streamline tanker assignments, monitor delivery statuses, and enhance coordination between fleet drivers and dispatch. Built for efficient, real-time transport management.
